

APECS

17 JANUARY 2011 -- FOR IMMEDIATE RELEASE

Asia Pacific Engineering Consulting Services, LLC (APECS) is pleased to announce the appointment of Rudy Herrera-Bernal as the Regional Director for South and Central America.

Mr. Herrera is a well-respected fixture in the Aerospace Community serving as an FAA A&P mechanic, EASA A&P equivalent mechanic, Radio Telephone Operator, MD-11 Systems certificate holder, as well as holding degrees in both engineering and aviation management. Mr. Herrera-Bernal is also fluent in several languages including Spanish and English. His full CV is available on APECS web-site.

Mr. Herrera-Bernal can be reached via his contact information on our web-site for inquiries in the South and Central American regions.

With his appointment and our Strategic Partnerships, APECS now has representation in every corner of the globe.

Our website, www.peterstonefield.com, provides additional information about our capabilities and we look forward to serving our valued customer with our enhanced capabilities. >>END
